

The Centre for Sustainable Design®

Sustainable Innovation 2013

Collaboration, Co-creation &
New Business Models

Towards Sustainable Product Design: 18th International Conference
4–5 November 2013

University for the Creative Arts, Epsom, UK

Partners
Environmental Sustainability
Knowledge Transfer Network,
International Society of Professional
Innovation Management

Taru Aalto
Chief Operating Office, Globe Hope, Finland

Cindy Barnes
Chief Innovation Officer, Futurecurve, UK

Mark Barthel
Head of Design, WRAP, UK

Andy Baynes
Director, Business Development & Energy
Efficiency, Nest Labs, US

Tanja Bisgaard
Founder, Novitas Innovation, Denmark

Jasmina Bogdanovic Milutinovic
Project Manager, European Environment Agency,
Denmark

Laurent Bontoux
Policy Analyst, JRC – Joint Research Centre,
European Commission, Belgium

Martin Charter
Director, The Centre for Sustainable Design®,
University for the Creative Arts, UK

Peter Churchill
Senior Advisor for Scientific Policy,
JRC – Joint Research Centre, European
Commission, Belgium

Sarah Corbett
Founder, Craftivist Collective, UK

Karen Darby
Founder & CEO, CrowdMission, UK

Bill Dunster
Principal, ZEDfactory, UK

Søren Femmer Jensen
Innovation Catalyst, Bornholm, Denmark

Alistair Gould
Chairman, Bay Trust, UK

Tim Jones
Founder & Programme Director, Future Agenda, UK

Edward Kellow
Lead Facilitator, Kellow Learning, UK

Wouter Kersten
Manager, Enviu, The Netherlands

Satu Lähteenoja
Researcher, Demos Helsinki, Finland

Christine Lancaster
Managing Director, Calcarbon Ltd, UK

Stuart Lendrum
Head, Own-Brand Development, Sainsbury's Plc, UK

Dax Lovegrove
Head of Business & Industry, WWF-UK, UK

Jae Mather
Director of Sustainability, Carbon Free Group, UK

Nicola Millson
Director, 6heads, UK

Simon Ofield-Kerr
Vice Chancellor, University for the Creative Arts, UK

Jacquie Ottman
Founder, J. Ottman Consulting Inc &
WeHateWaste.com, UK

Alessandro Rancati
President, Direccion Creativa, Spain

Tracey Rawling Church
Head of Brand & Reputation, Kyocera Document
Solutions, UK

Fabiana Scapolo
Team Leader on Foresight and Horizon Scan,
JRC – Joint Research Centre, European
Commission, Belgium

Mark Stalmans
Manager, Scientific External Relations,
Procter & Gamble, Belgium

Mo Tomaney
Consultant, University for Creative Arts, UK

Stef Van Dongen
Founder & CEO, Enviu, Netherlands

Gary Waterworth Owen
Founder & CEO, ResponseAbility Alliance, UK

Sushma Windsor
Founder, Lettuce Flowers Ltd, UK

John Wood
Emeritus Professor of Design, Goldsmiths,
University of London, UK

Peter Zhen Ye
International Director, Golden Bough International,
UK/China

Contents

Upcycling as an Area for Real Disruptive Innovation: Case Globe Hope - Taru Aalto	6
The Green Economy and Emerging Green Business Models in the Danish Window Industry - Maj Munch Andersen, Lourenco Faria, Karen Murdock.....	8
Evolving Sustainable Product Design Considerations for Electrical Household Products - Yekta Bakırlıoğlu, Çağla Doğan, Senem Turhan	17
The Product Sustainability Forum: Providing the Focus for Pre-Competitive Collaboration - Mark Barthel, Stuart Lendrum	26
Energy: New Business Models - Andy Baynes.....	28
Green Business Model Innovation - Tanja Bisgaard	29
Foresight Innovation and Sustainability Eco-Innovation 2035 - L Bontoux.....	30
Bringing Ecodesign to the Front Stage of Innovation: Linking Action and Research at Natura Brazil - Fabien Brones, Marly Monteiro de Carvalho, Américo Guelere.....	32
Disruptive Co-Creation? Some Experiences in Fostering Innovative and Sustainable Business Models for Emerging Markets - Ivan Butler, David Christensen.....	40
Emerging Issues, Cities and Grassroots Innovation - Martin Charter	48
New Modes of Constructive Technology Assessment for Developing Countries - David Christensen, Arne Remmen.....	50
A Manufacturing Industry Vision 2025 - Peter Churchill, Dr. Fabiana Scapolo	57
Looking Through the Lens of Shock: Exploring Opportunities for Learning and Innovation for Adaptable Infrastructure - Emma Dewberry, Vanesa Castán Broto, Stephanie Glendinning, Claire Walsh, Mark Powell.....	62
The EU Transition Towards a Low-carbon, Resource-efficient Economy: Policy Objectives and Regulatory Framework on Waste - Teresa Domenech, Paul Ekins.....	70
Economy of the Crowd: Enviu Experiences and Lessons - Stef Van Dongen..	86
Business as Unusual?: Integrating Social Capital into Business Models - Roel During, Pat van der Jagt	88
Solar Design: User Orientated Software Tool For Design Driven Application On Thin-Film Solar Modules - Jokin Garatea, Idoia Muñoz.....	97

Materials Translators: Observations From a Study of Sustainable Materials Information Provision and Design Behaviour in London, UK - Dr Rosie Hornbuckle.....	104
Exploring Business Model Innovation for Closed Loop Fashion - Kerli Kant Hvass.....	111
Design for Sustainable Behaviour: Proposing a New Eco-feedback Device Based on Augmented Reality Technology - Sze Yin Kwok, David Harrison, Shengfeng Qin.....	118
Technology Roadmap and Innovation Challenges for the Development of Vertical Farming Systems - Kasper Lange, Inge Oskam.....	131
The Development of a Framework for Sustainable Connected Cities for Dublin, Ireland - Giovanni Maccani, Professor Brian Donnellan, Markus Helfert	140
The Sustainable (Eco) Innovation Output in the OECD Area: Analysis Based on Patent Data at Country Level - Maria Markatou	149
Management Systems' Influence on Sustainable Innovation: A Comparative Analysis of Two Large MNCs - Magnus Marmgren, Gunilla Clancy.....	155
The Northwest Eco Innovation Programme: A Collaborative Approach to Eco Innovation Support - Ben Peace	164
Journey from Service Value to Business Opportunities: Re-designing Voluntary Water Quality Monitoring - Sanna Peltonen, Tommi Siljamäki, Miia Lammi ...	172
Enabling Collaborative Consumption Through Product-Service Systems (PSSs) Design - Laura Piscicelli, Tim Cooper, Tom Fisher	180
Creating Value with Sustainability: New Business Models in Austria - Romana Rauter, Petra Gsodam, Duong T. Nguyen, Petra Stabauer, Rupert J. Baumgartner	186
Materials: New Business Models - Tracey Rawling Church	193
Realising a Circular Economy for Textiles: Emerging New Technologies and Business Models for (more) Sustainable Clothing - Charlie Rea	195
Authenticating Real: A Rationale and Model for Auditing Corporate Authenticity - John Rooks.....	202
A Fluid Approach to Designing Sustainable Infrastructure: Visions of a Waterway for a Sustainable Future - Alex Rowbotham, Emma Dewberry, Matthew Cook	209
Leapfrog of Light Provision on Low Income Households in Brazil Through the Use of LED Technology on a Product-Oriented PSS - Aguinaldo dos Santos	214

Factors Related to the Design & Implementation of a DfE Process: Engineering Insight from Siemens AG - Kristen Skelton, Teresa Knitl 228

Extraction of ‘Pandanus Utilis’ Leaf Fibre and its Potential for Eco Friendly Product Development - A. Vaidya Soocheta, M. D. Teli, S. Rosunee 236

Towards Sustainable Laundry Behaviour - UK Innovative and Collaborative Project for Achieving Pro-Environmental Behaviours - M Stalmans, L VanWontherghem, A Convents, P White, N Fourie, K Jack 242

Design Challenges in the Development of Charge Stations for Electric Vehicles - R. de Vries, R. van den Hoed 248

Relational Innovation; Metadesigning Multiple Outcomes Using the Creative Quartets Approach - John Wood 251
