

Mathijs Huis in't Veld, Business Developer, Enviu, The Netherlands

Mathijs Huis in 't Veld (1980) works as business developer at Enviu. He was responsible for the Hybrid Tuktuk Project and is currently managing Our Mobile Generation. Before joining Enviu, Mathijs had his own start-up in the temporary employment agency. Mathijs gets excited when it comes to entrepreneurship and sustainability. He believes in (social) entrepreneurship as a powerful tool to address sustainability issues on our planet. His professional goal is to contribute to innovative (social) ventures that contribute to a more sustainable planet.
