Nick Rowcliffe, Editor-in-Chief, Environmental Data Services, UK

Nick Rowcliffe is Editor-in-Chief of ENDS (Environmental Data Services), Britain's leading UK publisher of environmental intelligence for professionals. Previously, Nick was Editor of European environmental policy news service ENDS Europe for ten years. Earlier roles included four years as Editorial Consultant to the United Nations Environment Programme, Industry and Environment Office in Paris. Early career experiences included stints as an environmental researcher, campaigner, consultant and conservation volunteer. Nick has a degree in environmental sciences from Southampton University in the United Kingdom.
