

Colin Courtney, Director, Green Support, Skanska AB, UK

Colin has been part of the Skanska AB Green Support team since 2008. This team was set up to help position Skanska as a leading Green project developer and contractor. His role includes strategic planning, knowledge transfer, business unit support and the development of green solutions.

Colin has extensive experience working across international construction markets in both the building and civil engineering sectors. This has included operations and management roles in the UK, Middle East and Mexico. He has had key roles in developing new market sectors, strategic planning, business acquisitions and PFI.

His qualifications include an MBA and a BSc. (Hons) Degree in Civil Engineering. He is a Member of the Institution of Civil Engineers (MICE).
