Dr Frank O'Connor, Untitled, The Netherlands

Frank is an award winning values-led designer, strategist, speaker, mentor, writer and artist passionate about environmental, ethical, social and community issues. Working on something he believes in has taken Frank to Asia, Africa, Europe, Americas and Australia, collaborating with individuals and all types & sizes of organisation, in all of the key industry sectors as well as in policy development, education, arts and the 3rd sector.

Frank has a mixed discipline background, which includes a PhD in environmentally conscious design, and has been delivering talks and workshops overseas since the mid-90s. He also undertakes a significant amount of pro-bono work for organisations and individuals.
