**Phil Cumming, Chair of BSI's Sustainable Resource Management Committee (SDS/1/10)
and Director, Koru Sustainability Ltd, UK**

Phil is a sustainable business professional with over 17 years multi-sector experience in creating and driving innovative and award-winning programmes that deliver significant business value. Phil developed and managed the delivery of the award-winning sustainability strategy for the London 2012 Olympic Games and Paralympic Games, widely regarded as the most sustainable Games in modern Olympic history and heavily influenced the International Olympic Committee (IOC's) Olympic Agenda 2020. More recently, Phil has been supporting some of the world's best-known companies such as Kingfisher plc and Marks and Spencer plc to create more business value through sustainability.

Acting in a non-executive capacity, he is on the Board's of Julie's Bicycle (a leading sustainability charity working with the music, theatre and creative industries) and Resource Futures (an employee-owned, non-profit with a 25-year heritage of promoting sustainable resource management). Phil currently Chairs BSI's Committee on Sustainable Resource Management (SDS/1/10) and is overseeing the development of BS 8001 a pioneering new circular economy business standard. He is also an Associate Lecturer with Birkbeck College, University of London. In recognition of his skills and expertise and the contributions he has made to the wider profession, Phil has recently been appointed to the Institute of Environmental Management and Assessment's (IEMA's) Strategic Advisory Council.
