23<sup>rd</sup> International Conference

Online Conference: 15<sup>th</sup>-21<sup>st</sup> March 2021

Business School for the Creative Industries

University for the Creative Arts

Epsom, Surrey, UK

**Dr Ke Wang, Knowledge Lead,  
Platform for Accelerating the Circular Economy (PACE), Netherlands**

[PACE](#) is a global community of leaders working together to accelerate the transition to a circular economy. As Knowledge Lead, Ke oversees content development and knowledge management at PACE. She has led the development of the PACE [Circular Economy Action Agenda](#), integrating insights from over 100 organizations, designed as a rallying call for business, government, and civil society. Furthermore, Ke has been a driving force behind mobilizing the PACE community to turn the calls-to-action into actual, impactful action.

Prior to PACE, Ke had over 10 years of experience leading interdisciplinary research and innovation teams in both public and private sectors, including setting up large European projects (such as Horizon2020 CIRCUSOL). She holds a Ph.D. in Applied Physics from Stanford University and an Executive MBA from Rotterdam School of Management.
