

Sustainable Innovation 2023
Accelerating Sustainability in the Creative Economy and Creative Industries
Online: 24th International Conference
20th – 26th March 2023
University for the Creative Arts
Epsom, Surrey, UK

**Professor Stuart Walker, Design for Sustainability,
Manchester School of Art, UK**

Stuart Walker was recently appointed Professor of Design for Sustainability at Manchester School of Art. He is also Professor Emeritus at Lancaster University, where he was co-founder/director of the ImaginationLancaster Design Research Centre, Professor Emeritus at the University of Calgary, Canada, and Visiting Professor of Sustainable Design at Kingston University, London. His AHRC-supported research examines traditional making practices in the US, China and the UK. He has published over 150 scholarly papers and his conceptual designs have been exhibited internationally. His many books include *Sustainable by Design*; *Design Realities*; and *Design & Spirituality*. His latest book, *Design for Resilience*, will be published by MIT Press, in 2023.
