

Sustainable Innovation 2023
Accelerating Sustainability in the Creative Economy and Creative Industries
Online: 24th International Conference
20th – 26th March 2023
University for the Creative Arts
Epsom, Surrey, UK

Marc Carey, CEO, Evolution Music, UK

Marc is presently CEO of Evolution Music – the business is a partnership of music industry, business and sustainability experts working to EVOLVE the music industry to become sustainable, environmentally and socially responsible. In addition, Marc is involved in routes to commercialisation for innovation-based products and services. He is also actively involved in music as a host of several radio shows across several platforms. He is an award-winning presenter and hosts his regular show every Thursday night on a UK platform DR (Deal Radio).

Marc has previously run Carey-Ambrose Ltd, Aspen Waite South East and is co-founder of an innovative values-driven eco-enterprise developing new solutions that address gaps in the renewables and wind energy sector (Heritage Wind Ltd)

Marc is a passionate advocate for ‘talent’ – promoting and spring boarding artists/musicians through his work with radio and via the independent record label that he co-founded – Roulette Records.
