

Sustainable Innovation 2025
Sustainable Innovation in Products, Services and Business Models
Past, Present and
25th International Conference
October 2025

Dr Cathy Mulligan, UK

Dr. Cathy Mulligan is an expert in digital technology / digital economy and its applications to achieve sustainability. She is known for her contributions to blockchain, telecommunications, and sustainable development. She holds a PhD and MPhil in Engineering for Sustainable Development from the University of Cambridge. Dr. Mulligan has held various prestigious positions in both academia and industry, including Imperial College London and as a fellow at the World Economic Forum. Her work has taken her to diverse locations, such as the North Pole for climate change research and the Himalayas for sustainable rural business initiatives. Throughout her career, she has been a pioneer in exploring how digital technologies can drive sustainable change.
