

Sustainable Innovation 2025
Sustainable Innovation in Products, Services and Business Models
Past, Present and
25th International Conference
October 2025

**Dr Moritz-Caspar Schlegel, Circular Economy Coordinator,
Federal Institute for Materials Research and Testing, Germany**

Dr. Moritz-Caspar Schlegel is Circular Economy Coordinator at the Federal Institute for Materials Research and Testing in Germany. He holds a B.Sc. in Earth Science, an M.Sc. in Materials Science and a doctoral degree in Analytical Chemistry. He spent his postdoctoral period as an instrumental scientist at a neutron source at the Helmholtz Centre for Materials and Energy and currently works as Member State representative in the field of legislative processes for national and European product regulation. Moritz-C. Schlegel is active in standardization committees on horizontal issues of material and resource efficiency and the circular economy. In addition to providing policy advice, Moritz-C. Schlegel conducts research on the interface between standardization and legislation regarding the Ecodesign legislative framework.
